PRIVATE SECTOR REAPS BENEFITS OF PRINTING OFFICE PARTNERSHIP

GPO Releases 2004 Top 10 Printers

Washington, D.C.-The U.S. Government Printing Office's partnership with America's printing industry ensures taxpayers' dollars are used in the most cost-effective manner. Taxpayers aren't the only ones who benefit from the partnership, private sector companies from coast to coast are reaping the benefits of doing business with the Federal Government. The GPO purchased about \$450 million worth of printing and related services from thousands of printers across the country in Fiscal Year 2004 alone.

"The GPO contracts out the vast majority of the work it produces to private sector printers all over the country, procuring between 600 and 1,000 print-related projects a day. The contracts cover the entire spectrum of printing and publishing services and are available to fit almost any company from the largest to the smallest," said Jim Bradley, Managing Dirb's Customer Services.

GPO's top ten printers for Fiscal Year 2004 are:

GPO'S 2004 TOP TEN PRINTERS

1. Gateway Press, Inc.	\$25.3 million
2. Monarch Litho, Inc.	\$23.4 million

It is now easier than ever to participate in GPO's purchasing program. You can register online at www.contractorconnect.gpo.gov. Simply click on "New Online Registration for GPO Contractors." Bidding opportunities and information on how to do business with the GPO are also available at this site.

GPO is responsible for the production and distribution of information products and services for all three branches of the Federal Government. More than 268,000 Federal Government document titles are available to the public via www.gpoaccess.gov. Printed copies of many of those documents may also be ordered through the GPO's Web site. The GPO, through partnership with more than 1,250 libraries participating in the Federal Depository Library Program, provides personal assistance in locating and using Government information. Participating libraries may be located on GPO's Web site www.gpo.gov.
